YOUR DONATION  
OUR STORY  
THEIR FUTURE

# DEADLY SCIENCE

## OUR VISION

Create STEM equity for Aboriginal and Torres Strait Islander Learners

## WHAT WE DO

We are the leading STEM resource support charity for Indigenous children and communities in Australia.

## ACKNOWLEDGEMENT OF COUNTRY

DeadlyScience pays respect to the Traditional Custodians of the land, to all Elders past and present, and to First Nations people everywhere. First Nations people have used science for over 65,000 years. Our culture is the oldest in the world. The first scientists passed on the lessons of the land, sea and sky, to the future scientists of today through stories, song and dance. We call this caring for Country. If you care for Country, the Country will care for you.

## OUR VALUES

### INSPIRE

We celebrate our First Scientists and INSPIRE future generations of Indigenous people to continue this tradition

### EMPOWER

We EMPOWER and encourage students to take charge of their lifelong learning

### INNOVATE

We INNOVATE and lead in STEM education for Indigenous people.

### COMMUNITY

We work together with COMMUNITY; they provide a connection between STEM, culture, education and beyond.

### INTEGRITY

We act with INTEGRITY and honesty.

### CULTURE

We are influenced and informed by our Indigenous CULTURE in all that we do.

# WHAT WE DO

We are the leading STEM resource support charity for Indigenous children and communities in Australia.

## CREATING STEM EQUITY

We are a charity that delivers programs, resources and support to Indigenous learner classrooms across Australia. These programs and resources aim to help close the equity gap in STEM education and opportunities for Aboriginal and Torres Strait Islander students.

## DEADLYSCIENCE® PROGRAMS

DeadlyScience® programs are aimed to support STEM learning with a focus on Aboriginal and Torres Strait Islander students. Our programs and resources aim to help close the equity gap in STEM education and provide opportunities for Aboriginal and Torres Strait Islander students. Our programs include;

- DeadlyScience Club®
  - Deadly Learners
  - Deadly Labs
  - Deadly STEM in Schools
  - School of the Month
  - Resource Development & Distribution
- DeadlyScience Pathways®

40,000+  
boxes of books &  
STEM resources

800+  
schools &  
communities  
across Australia
